

# Key Stage 4 Science Long Term Planning Overview

	Term 1	Term 2	Term 3
Year 11 GCSE group	Biology Paper 1	Biology Paper 1-2	Biology Paper 2

## Support:

Science can be a very challenging subject; with a long list of varied topics related to the world around us. Support at home will ensure the best results and empower the students to feel confident and able to try new things.

The best support would be to encourage your child to talk about their science lessons each week. By teaching others and passing on their new knowledge students will really engage with what they are learning.
