Acceptable Use Policy - Animus / Koa

All students at OGC must follow the rules of acceptable use when using school technology and the school network. It is expected that teachers or suitable adults will supervise student use of technology.

Animus/Koa Computer Rules to be agreed by Parents	
1	I agree to my child using the school technology and accessing computers through appropriate technology. I accept, on their behalf, that they will be assisted to comply with all school rules.

UNACCEPTABLE USE

Examples of unacceptable use include, but are not limited to:

- Creating or sending on the Internet any messages that might upset other people.
- Looking at, or changing work that belongs to other people.

Student User Agreement Form for the Student Acceptable Use Policy

I agree to follow the school rules when using the school computers. I will use the network in a sensible way and follow all the rules explained by my teacher.

If I do not follow the rules, I understand that this may mean I might not be able to use the computers.

Student Name: _____

I realise that any student under reasonable suspicion of not following these rules when using (or misusing) the computers may have their use stopped, more closely monitored or past use investigated.
